

"Day After Day"

Music By : Factory Seconds Band

Lyrics By: David Robert Moore

Day After Day - Fighting against my flesh that keeps me down - oh
Day after day - finding a way outside myself
Day after day - fighting to hold on to my sanity
Day after day - my soul could use some rest

Round and round again - gonna lose control - "Lose Control"
Round and round again - I Am grasping for my soul

Night after night - Walking around in a state of disbelief
Night after night - pushing back all my pain
Night after night - Coming to blows with my humanity
Night after night - when will I pass this test

Round and round again - gonna lose control - "lose control"
Round and round again - I am grasping for my soul

Come save me - I'm losin'
My eternal home
Move quickly - tread lightly
I'm not alone

Round and round again - gonna lose control - "lose control"
Round and round again - I am grasping for my soul

Come save me - I'm losin'
My eternal home
Move quickly - tread lightly
I'm not alone - yeah

Come save me - I'm losing
My eternal home
Move quickly - tread lightly
I'm not alone

Yeah,Yeah ,Yeaah !

You're not alone
You're not alone
Yoy're not alone
