### “The Song Of Heaven”

1<sup>st</sup> Verse:

**G**                    **Gsus**   **G**                    **C**  
Early in the morning, Lord to You I sing  
**G**                    **Gsus**   **G**                    **C**  
Later in the evening hear my offering  
**D**            **C**                                    **G**  
I lay my gift down at Your feet  
**D**                                    **C**                                    **D**   **C**  
Each day with joy my soul You greet

Chorus:

**G**            **C**   **D**                    **C**  
I will rejoice, I will lift my voice  
**G**            **C**                                    **D**            **C**  
I will rejoice with the song of heaven  
**G**                                    **C**   **D**                                    **C**  
Hear the angels sing, let the anthem ring  
**G**                                    **C**                                    **D**            **C**  
My soul will sing with the song of heaven

2<sup>nd</sup> Verse:

**G**                                    **Gsus**  
My heart is open now  
**G**                                    **C**  
For the treasure from above  
**G**                                    **Gsus**  
Your healing and Your forgiveness  
**G**                                    **C**  
Your everlasting love  
**D**                                    **C**                                    **G**  
Lord may my heart be after Yours  
**D**                                    **C**                                    **D**   **C**
